

## Rated Lifting Capacities

Model	Beaver Code	Horizontal	Vertical	Cylindrical
				
BML-010	262010	100kg	30kg	30kg
BML-030	262030	300kg	100kg	100kg
BML-060	262060	600kg	200kg	200kg
BML-100	262100	1 tonne	300kg	300kg
BML-200	262200	2 tonne	600kg	600kg

Working temperature -40°C to 80°C

**WARNING** The above table is based ferrous steel and must be read in conjunction with Steel Thickness and Air Gap Charts opposite.

## STEEL THICKNESS AND AIR GAP CHARTS

**WARNING**

The above charts are based on flat ferrous steel plate lifted horizontally.
